

Have You Nominated Your Candidate For Membership?

55 New Golf Members will trigger a \$420,000 Capital Fund that will continue to grow even beyond the 55.

Crofton has been proud of having a waitlist for Membership for many years. Currently, we are just 53 Members from restoring that pride and refreshing our golf course, pool and facilities. Those Members who sponsor new Members, will have a say in where these capital funds are spent, so don't miss out.

Why should you nominate a new member?

Because the finest clubs, are built by Members who share like interests, values, professions, activities, preferences and more. Furthermore, there is no greater privilege to extend than to invite a friend or associate to join your club. No pushy sales pitch, we are not looking for everyone, just people who want to share all that Crofton has to offer.

Please contact Justin Cornelius with the name and contact information of your Member Candidate and he will extend a formal invitation to them to join you in Membership at Crofton Country Club.

The choice is theirs, we will welcome them and make them feel proud to have received an invitation and answer any questions they might have. What a great way to share a fun summer at Crofton.

jcornelius@croftonclub.com or (410) 721-3111 ext. 204

From the General Manager

Dear Members,

Spring has sprung and Summer is just around the corner. The golf course is really progressing nicely and we are looking forward to a great summer. Believe it or not, it's pool season too. Time for splishing, splashing and some great summer fun. That's right; we are definitely in the heart of our season. As we send out our second edition of the Crofton Country Club Newsletter, we have put together a nice variety of programming for all of our Members to find new and great ways to share and enjoy our club. Whether you are single, a couple, a family, a golfer or not, there is something on the calendar for you to enjoy.

Our new weekly dinner dining options in Dorsey's have been a big hit; Wednesday Pasta Night, Thursday Rita's and Fajitas Mexican Night, Friday Chop House. With two dining options now there is an environment for everyone to enjoy. If you prefer a bar/pub atmosphere, then we welcome you to join us in Traditions. If you prefer a more restaurant style atmosphere, join us in Dorsey's, both are Country Club Casual and offer the same staff and same menu. We hope you will come and see us. Details about these great value dining options are listed on page 5.

I know you have all had a chance to receive information about our phenomenal new Capital Fund Membership Drive. This is a great opportunity for the Members to invite friends and associates to share the Crofton Experience. We will be taking 150% of those new Member Dues and spending them on Member-guided capital projects to update and upgrade our current facilities for the greater enjoyment of all. We encourage you to nominate a candidate for Membership. We have developed a very professional process to invite, welcome and share the club with others. Did I also mention that as a thank you, you will also receive \$100/month statement credit for 15 months when you sponsor someone into Golf Membership?

Now is the time and the Membership roster openings we have will not last long with this offer. Please contact Justin Cornelius or I with any questions or to assist you in inviting and sponsoring your Member Candidate.

See you at the Club!

MEMBERSHIP

Dear Members,

This is truly an exciting time for Crofton Country Club. We have the opportunity to raise a minimum of \$420,000 to use on upgrading our already beautiful Club. I am sure we all have some great ideas on where this Partnership Fund money can be spent. I know you all care about the club immensely, so please take this opportunity to make a difference. When you sponsor a Member Candidate you will automatically be a part of the Crofton Partnership Alliance. This means that you will be deciding where the fund money is spent.

We are not asking for you to give us a bunch of referrals from your phone or church group, etc. We are simply asking 55 of you to sponsor one Member

Candidate. You 55 Member Sponsors will help shape Crofton Country Club for many years to come. I know we all want to make a difference. Here is our chance!

Please contact me with the name of your Member Candidate. As always, I promise to treat them with the utmost respect and will make you proud to refer your friends to the Club. I look forward to seeing you all around the Club!

Sincerely,

Justin

Etiquette on the Course

Golf Course Etiquette is a combination of courtesy to the other golfers, respect for the tradition of the game, and care of the course. Some are obvious and some are not.

Here are some good examples:

1. Fixing ball marks on the green. Yours and any others that you see.
2. Raking the bunkers
3. Properly fixing divots.
4. Knocking the sand off your feet after you exit the bunker. That way you don't track the sand on the greens, etc.
5. Placing the flagstick back in the hole properly. (Being careful so as not to damage the cup or leave it leaning over)
6. Keeping up with the Pace of Play.
 - A. The pace of play is expected to be faster for the earlier times.
 - 3 hours and 40 minutes for Tee-Times between 7:00am - 7:59am
 - 3 hours and 50 minutes for Tee-Times between 8:00am - 8:59am
 - And a Max of 4 hours for all other Tee-Times 9:00am +
 - B. If you fall behind make a concerted effort to catch up and/or allow the group behind you to play through and then try to keep the pace with them.
 - C. On Par 3's wave up players behind you once all your players are on the green.
7. Make the turn to the Back 9 with no delay.
 - A. Call in your lunch orders on the 8th Tee so that you can grab and go to #10
 - B. If the grillroom is busy, write down the order or let a staff member know and they can bring it out to you on the course via the Beverage Cart, Starter, or Player Assistant.

Anytime that you see a problem on the course please do not hesitate to contact the Pro Shop and let us know. We will get someone to address the situation as soon as possible.

Enjoy the Game!

A Message from the Superintendent

Although the cool temperatures of early spring slowed the rough's green up, it is fast to catch up.

Warm weather is finally here to stay. This is the time of the year to boost fertility levels to encourage growth; however, it is also the time of the year that insect damage and poor weed control can wreck havoc on the season. The Maintenance Department is committed to controlling insects and weeds this season.

The initial two of three applications for insects has already been applied and the next treatment is already scheduled later this season. In between preventative treatments, we will spot spray any infestation with post-emergent-type products. Our pre-emergent weed control program is vastly different than in years past. The products used this year are prescribed for areas just south of Maryland. It offers greater control for goose grass, but is a greater risk to bent grass injury during application.

USGA Site Visit Summary

On May 5th, USGA Green Section Agronomist Darin Bevard made a visit to give us a report on our progress since 2006 and our goals for 2011 given the challenges from last summer. A member of our Greens Committee toured with our General Manager, VP of Agronomy, and me to see the course. We checked root density, turf coverage, soil structure, and light levels from trees. Our root density was great with the exception of the chance to improve root depth with more drainage. Turf coverage was typical with the weather conditions we experienced in April; however, Darin suggested an additional shot of fertilizer not normally needed to overcome the cold temperatures. We completed that application early the next week with great

results. Soil structure is in the optimal range which is evident by our soil reports after several yeas of adding amendments like calcium and potassium. Darin did

mention that while we are on the right track for managing our trees, more work needs to be done. Grass grows best with plenty of sun light and air flow. This is most critical when the plant is under stress from the summer heat. Darin and I will have an opportunity to discuss any challenges we face this summer and he will provide some additional support if necessary.

2011 Project Update

The water stations on #3/#5, #12/#16, and #15 are now operational on the course. In the near future, we will be adding another station on #8. The Pro Shop will continue to supply a water cooler at the driving range. The new water stations have treated county water which is never touched by human hands here at the club. The water coolers are simply for show and to hold ice to keep the water line cool. Mr. Dorsey built the water line right into the spigot and installed drains inside the cooler to drain the ice melt. If you have bottles with you, fill them all up. We will never run out of water again.

The cart bridges on #7 and #18 have been re-decked and repaired respectively. In the near future we will inspect and map

out a re-decking schedule for our walk bridges which is likely to begin in 2012. The new curbing and cart path work on #18 is doing a fine job of keeping the

water off of the fairway and directing it into the drainage system at the bottom of the hill. The rough on the hill is irrigated up to the tree line and although it is likely to thin down a bit in the summer, the grass under the trees will continue to receive an overseed of shade mix to provide turf coverage in the woods.

The drainage work on #7, #9, and #16 approach is working great to keep the course in shape after heavy rains. Additionally, the new drainage on #7 and #18 tees is complete and is already making an impact. All of the drainage installed is 6",

double walled pipe which is made to last for decades.

Finally, the new fan for #7 is due in any day. It is custom made to our specs, but will look the same as the one on #17 green. Our permits for hard wired fans are in and we will use the fans this summer.

Practice Area Reminders

The Practice Area is now receiving heavy use daily. It is closed for Monday outings and several outside tournaments. Please remember no range balls are allowed. All divots must be replaced, filled with sand, or both. Replacing and sanding will help maintain its playability throughout the summer. Please spread out your use. Don't drop dozens of balls in the same area. As some areas become too beaten up, it will be roped off, seeded, and top dressed. It may not reopen until it is healed. Turf's ability to heal itself is greatly reduced during the summer stress period. Because of the heavy use over the years the Maintenance Department has plans to build up the turf areas this fall; however, we want to have as much to work with in September as possible.

What are those red & white stakes for?

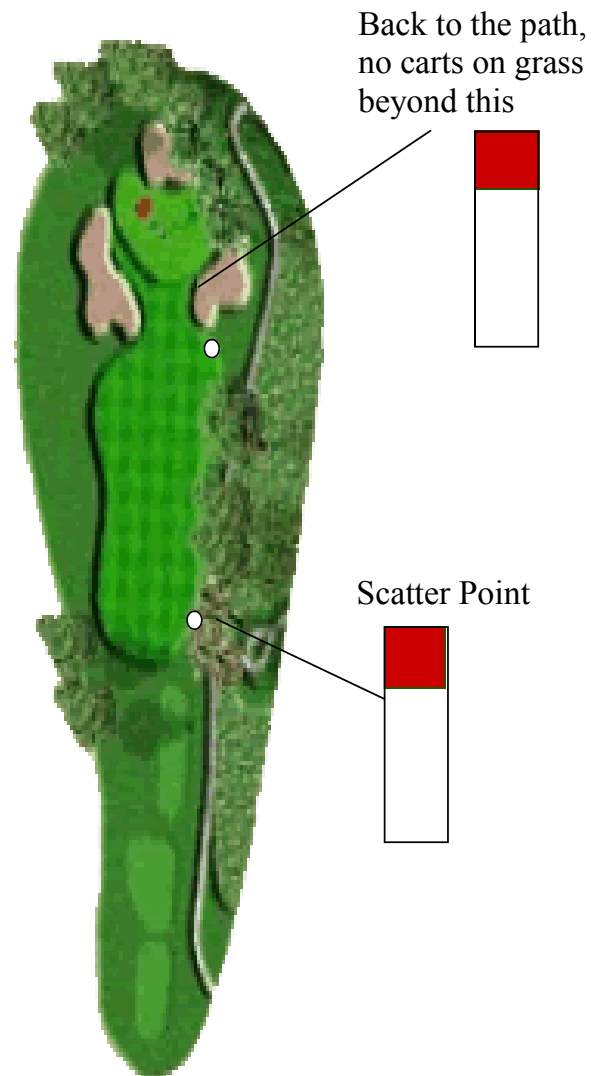

Please follow the instructions below to help better preserve and maintain our course conditioning for the beautification and enjoyment for all

Starting at the tee box, carts are to remain on the cart path until they see the red/white stake. At that point they can leave the cart path or in other words “scatter”. As the carts near the green they will see another red/white stake and at this point the cart must return to the cart path and not proceed past the stake in either the fairway or rough. The carts will remain on the cart path until the next tee box and repeat the same steps over.

Please do not drive in the rough except to enter or exit the fairway. Once in the fairway remain in the fairway cut until asked to exit. Do not drive between stakes.

Thank you for your assistance in preserving your course.

- Crofton CC Greens Committee

2011 Crofton Country Club Cart Rules

- ⇒ Green Sign– Carts Allowed Off of the Path. Handicap Flags Allowed up 30 yards from greens.

Chef's Corner Simple Summer Recipes

With the arrival of summer, you may find yourself hungry for lighter fare and warm weather friendly food; here are some of my favorites that feature recognizable ingredients, simple preparations, and great tastes.

Honolulu Jalapeño Mango Salsa

- 1 pineapple peeled medium dice
- 2 mangos peeled and medium dice
- 1 red onion finely diced
- 1 red pepper finely diced
- 2 jalapeños seeded and finely diced
- 1 bunch of cilantro chopped
- ½ cup lime juice
- ½ tablespoon honey
- Salt & pepper to taste

Combine all ingredients in a large bowl and combine well; put in a tightly sealed container and refrigerate for at least 30 minutes prior to serving.

Adds a cool and refreshing bite to grilled fish or steak; spice it up by substituting different fruit or chile peppers to make the dish your own

Cucumber Collins Cocktail

- 1oz fresh lemon juice
- 2 tablespoon sugar
- 2oz Gin
- Diced cucumber
- Lemon wedge
- Club soda
- Cucumber Slices to garnish

In a cocktail shaker, put diced cucumber, sugar, lemon juice, and one wedge of lemon; with a bar muddle or the back of a wooden spoon crush all the ingredients thoroughly until the sugar has dissolved.

Add ice and Gin, shake well, and strain into a tall glass with crushed or cubed ice. Fill to top with club soda and garnish with cucumber slice.

Celebrate your personal milestones at Crofton Country Club.

We understand all that goes into creating spectacular events and celebrations; whether it is a:

- Bar Mitzvahs or Bat Mitzvahs
- "Grown-Up" Birthday Party
- Junior Birthday Party
- Graduation Celebration
- "End of School" Party

- Corporate or Family Picnics
- Rehearsal Dinners
- Wedding Anniversary Celebration
- Retirement Dinner
- "Just Because" Party

- Simple Cocktail Reception
- Showers
- Holiday Parties

Our expert culinary and catering teams will assist you with all of the details necessary to make your day truly unforgettable! Choose from a variety of incredible menus or simply let our catering professional customize a package that is uniquely designed for you. Regardless of how intimate or grand the occasion, our customized menus will exceed your greatest expectation, not only in flavor but also in presentation.

Contact Amy Rippey at (410) 721-3111 ext. 205, or email arippey@croftonclub.com, today and let us show you our celebrated tradition of elegance and fine service.
